

#CASC21

What Clinical Audit Support Centre have planned for our week...

Clinical Audit Support Centre will be hosting a number of events and sharing lots of resources from 22nd to 26th November 2021.

#CakeOff!

Our #Cakeoff competition proved a huge hit as part of #CAAW20 and this was won by Leanne Latchem. Can she win again? Get your audit & QI related cakes in and showcase your baking skills!

Local audit professionals have worked so hard during the pandemic. As part of recognising this we are asking for nominations for 'Local Auditor of the Year'. £200 1st prize, £100 for 2nd and £50 for third.

Auditor of the Year

Annual audit conference

Partnering with Healthcare Conferences UK we are delighted to have helped create the programme for the national conference on 26 November. This will feature an important update from NHS England, plus expert speakers from the CQC and the Royal College of Physicians. Pam Mosedale from Royal College of Veterinary Surgeons will share how vets are getting the most out of clinical audit.

Launch 12th audit survey

Back in 2010 we set up our annual clinical audit survey to help gain key feedback from those involved in clinical audit. 2021 marks our 12th year and we will launch our next annual survey on 24th November and run for this for 1 month.

Free Training

CASC will be offering free online training to staff working in primary care and care homes. We understand these sectors are often overlooked / excluded.

20 years!

We believe that those who have worked in clinical audit for over 20 years deserve to be recognised. Excited to be able to honour our audit-lifers!!!

VUCA talk

On 23 October, Tim Sims will lead a Learn at Lunch session on VUCA: Volatile, Complex, Uncertain and Ambiguous. Over the last 20 months we have all had to deal with these issues. Tim will offer strategies and help build resilience.

In addition to the above events, we will also be sharing a range of new and updated resources. During this week we will be offering our services free of charge so do get in touch if we can help you in any way. We will be using Twitter and our website to share further details of what we have planned. Watch this space!
