

LEARN AT LUNCH 12.04.24

ANNE-MARIE MURKETT

Join us on 12 April 2024 for our next Learn at Lunch session from 12.30 to 13.30 featuring the brilliant Anne-Marie Murkett. This session will focus on conducting clinical audit in small size healthcare organisations. Anne-Marie will share her experiences of leading clinical audit work within a Children's Hospice and we will use the session to debate the challenges of conducting audit as a 'team of one'.

In addition, Anne-Marie will spend 15 minutes looking at how her hospice have built upon their initial success in Significant Event Audit by starting to undertake After Actions Reviews. AARs are proving a popular output of PSIRF, with many teams now utilising this approach to help investigate Patient Safety Incidents.

THE CLINICAL AUDIT TEAM OF ONE CHALLENGES, IDEAS AND APPROACHES

BOOKING INSTRUCTIONS:

Places are free and open to any staff working in the NHS or private healthcare. To register interest, email your details to info@clinicalauditsupport.com. The session will be facilitated via ZOOM. Please note: you can only book a place for yourself.

We will acknowledge receipt of emails and send out ZOOM codes on 8 April 2024.
