

CLINICAL AUDIT AWARD 2018

Competition open to all Clinical Audit and QI Teams

BACKGROUND

- CASC have historically organised competitions to help showcase the value and positive impact of clinical audit, e.g. annual junior doctor awards
- We are aware that in 2018 there are very limited opportunities for local clinical audit and QI teams to share and highlight details of their exceptional work
- The competition is open to all healthcare teams and we are looking for examples of innovation, inspiration and best practice in clinical audit
- We are looking for exemplar case studies of clinical audit projects and initiatives that can be shared with the wider clinical audit and QI community.

HOW TO ENTER

- Visit www.clinicalauditsupport.com and download the relevant entry form
- Follow the instructions provided and submit details of your work using the template in <1000 words
- Entries must reach CASC by the end of March 2018 and four finalists will be short-listed and asked to present their work at a central event in Leicester
- Winners will receive a trophy and the title 'CASC Clinical Audit Award Winner 2018'.
