

# #CAAW19

## What Clinical Audit Support Centre have planned for the week...

Clinical Audit Awareness Week aka #CAAW19 takes place this year from Monday 25th to Friday 29th November 2019. Here are our plans:

### You say...

As ever we have created lots of placards to help promote audit. Our 'how would you improve audit if you were in charge for one-day' competition should come up with lots of innovative ideas!

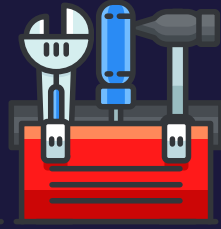

On 25 November we will publish the posters from all of the junior doctor finalists who entered our 2019 competitions. Winners will be announced on 29 Nov. This is your chance to review their real world projects.

## 25 Nov

### Building new resources

For #CAAW19 we are excited by the prospect of working with audit and QI staff to collaborate and collectively build a number of resources that everyone will find useful! We will be releasing a number of initial documents created by CASC that we will invite feedback on. The aim is to generate agreed consensus on what is best practice.

### Launch 10th survey

Back in 2010 we set up our annual clinical audit survey to help gain key feedback from those with an interest in clinical audit. As 2019 marks our 10th year, we have decided to launch this year's survey during #CAAW19. Get involved!

### Twitter plans

Increasingly audit and QI staff use Twitter to comment and keep in touch. There will be lots of tweeting from CASC via @cascleicester in #CAAW19.

### Webcast

With Quiqsolutions we plan to run a webcast focusing on improving national clinical audit on 25 Nov. Free to all, just email to register interest.

### Win prizes!

We aim to create fun and interactive materials as part of #CAAW19. This year we are planning to conduct a fun quiz that all clinical audit and QI teams will be eligible to take part in. Which audit team are the 'top dogs'?

All resources and materials will be available free of charge via our website [here](https://www.clinicalauditsupport.com). You can also contact us direct via (0116) 264 3411 or at [info@clinicalauditsupport.com](mailto:info@clinicalauditsupport.com) We wish everyone a busy and successful #CAAW. Let's work together to make clinical audit awareness week a true celebration of audit and QI that champions the hard work we do.
