We have always offered our training via distance-learning... but in light of recent events we are now offering training in root cause analysis, QI and clinical audit in a setting that suits you. Our courses include:

#### Accredited certification

Our training courses are externally assessed and accredited. That gives learners confidence that we meet key educational standards. And you can use your accreditation for you CV, CPD, to impress your appraiser, etc.

#### One-to-one tutor support

All learners are paired with a tutor that has a qualification in their subject area. In addition our tutors possess a national teaching qualification. Our tutors also have years of experience in the courses they oversee.

#### Bespoke delivery and materials

We can adjust and adapt our courses to meet the specific needs of learners/teams. Typically, our tutors keep in touch with learners via phone, email or Zoom and Skype. All learners receive a wide array of course materials in a variety of different formats.
