

CLINICAL AUDIT AWARD

2018 FINALISTS

POSTER COMPETITION RULES

Dear Finalist,

As per my recent email I would like to congratulate you and your team for being selected as a finalist for the first ever running of the Clinical Audit Support Centre's "Clinical Audit Prize". The purpose of the competition is to showcase excellence in clinical audit and we hope to make this a regular event.

Originally, our plan was to invite all finalists to a central event in Leicester that would have also included keynote speakers to provide updates in relation to clinical audit and quality improvement. It was our intention that all finalists would have given a ten-minute presentation. Unfortunately, key national bodies have not been able to support this event and therefore we have decided to run a poster competition. The remainder of this message provides more details for all finalists.

There are 7 finalists and judging of the competition will take place during Clinical Audit Awareness Week. We will announce the winner on 23 November 2018. With this in mind, all posters must reach us no later than 13 November. They should be sent by email to info@clinicalauditsupport.com and we will confirm receipt.

Your poster must be submitted as a PDF or PowerPoint document (we do not want you to spend money creating a hard copy poster). The poster must be one-page (i.e. not multiple PowerPoint slides). The poster must include: a title, organisation name and details of contributing authors. Thereafter, it is up to the finalists in terms of how they present their clinical audit work. Our website has many examples of previous junior doctor poster winners that you may wish to take a look at. More details available [here](#).

If you have carried out additional work on your project since submitting your entry then this can be added into the poster. A team of experienced clinical audit staff will be judging the competition and they are looking for: an eye-catching and memorable poster, a clear and concise account of the work carried out that enables others to replicate your project, evidence that the project has had a positive impact and made a real difference. We plan to share all posters via our website and Twitter so please also include a contact email.
