

5 QI websites

THAT HEALTHCARE STAFF NEED TO KNOW ABOUT...

NHS IMPROVEMENT

www.improvement.nhs.uk is a vast resource that provides a huge array of materials and resources for those interested in QI. Examine useful real-world case studies, keep track of relevant alerts and use their events section to find out what is coming up. This is a great NHS website that is growing at an exponential rate!

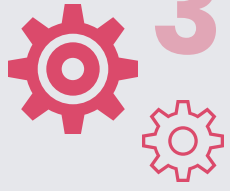

INSTITUTE FOR HEALTHCARE IMPROVEMENT

www.ihl.org is arguably the world's leading website when it comes to finding out more about quality improvement in health. The website is home to an unparalleled array of materials, resources and tools. We particularly like the IHI Open School section providing a video library of QI methods and tools.

HEALTH FOUNDATION

Visit www.health.org.uk to access a wide range of invaluable pocket guides on QI and patient safety. Watch webinars and join their growing 'Q' community.

ACADEMIC HEALTH SCIENCE NETWORKS

The AHSN Network brings together 15 regional networks dedicated to improving care and patient safety. The AHSNs are involved in a range of innovative new initiatives and you can find out more via www.ahsnnetwork.com

INTERNATIONAL SOCIETY FOR QUALITY IN HEALTHCARE

Visit www.isqua.org to find out more about this international collaboration aimed at improving patient care and safety. Their annual conference is regarded as one of the best QI events worldwide.
