

Advanced Clinical Audit Training

Practical one-day course for all healthcare professionals that provides delegates with a full understanding of the clinical audit process.

The course is available in Leicester and can also be delivered in-house for a minimum of 6 staff.

Advanced Clinical Audit

Advanced Clinical Audit is a one-day course that provides delegates with a full understanding of the clinical audit process and includes information and advice on how to carry out clinical audit to an advanced level.

Overview

Clinical audit currently has a high profile in the healthcare sector and links into many initiatives and work programmes, including: Medical revalidation, Quality Accounts, evidence for the Care Quality Commission, QIPP, CQUINs, NHSLA requirements, etc. Previous studies have shown that clinical audit projects often fall short of their potential and this course teaches learners best practice in clinical audit and enables attendees to gain a nationally recognised qualification.

Who should attend?

Clinical audit is relevant to all healthcare professionals and is now part of the contracts of employment for many staff. Advanced Clinical Audit is suitable for anyone who has a basic understanding of the clinical audit process and who wants to learn more.

Course content

- ✦ Audit definitions and exploring the difference between clinical audit and research
- ✦ A short review of the history of clinical audit in the UK
- ✦ An in depth look at the clinical audit process
- ✦ Examples of successful clinical audit projects
- ✦ Critiquing clinical audit projects and how to write a good audit report
- ✦ Tips on involving patients in clinical audit
- ✦ Details of latest national developments in clinical audit
- ✦ Top tips and signposting to other resources

Delivery

The course is delivered in Leicester by Stephen Ashmore and Tracy Ruthven who collectively have over 30 years experience working in clinical audit, plus nationally recognised teaching qualifications. The workshop is highly interactive, practical and good fun. Learners benefit from sharing their personal experiences of audit with their peers, and to date over **98% of attendees have recommended the course to others.**

Costs

The course costs £150+VAT (£180) for the accreditation or £120+VAT (£144) for attendance only, with a 10% discount for group bookings. Costs include all course materials, lunch, refreshments, onsite parking and accreditation. To reserve a place email info@clinicalauditsupport.com or call 0116 264 3411. To ensure all learners have the opportunity to participate, places are limited to a maximum of 15 per workshop. The course can be delivered in-house for a minimum of 6 staff and costs for this are available on request.
